ANDERSON INDUSTRIAL ENGINES CO., INC. FINALIZES WESTERN EXPANSION

Industrial Engine Distribution Company Acquires Assets and Territory for Western Growth

OMAHA, NE: Anderson Industrial Engines Co., Inc. (AIE) is announcing a successfully negotiated agreement to purchase the assets of H.G. Makelim Co. effective February 28, 2019. H.G. Makelim's Kubota and JCB business is being sold to AIE, headquartered in Omaha, NE with a branch operation in Kansas City, KS. AIE is recognized as one of Kubota's and JCB's top distributors. AIE will operate the former H.G. Makelim business out of their current Modesto, CA facility and retain H.G. Makelim's staff at that location.

Beginning March 1, Kubota and JCB orders in California, Colorado, Utah, Idaho, Montana, Northern Nevada, Wyoming, Hawaii and Guam will be fulfilled by AIE, with the additional JCB territory of New Mexico, Arizona, Oregon and Washington.

H.G. Makelim Co. has been in business for 97 years and owned by the Hess family for 63 years. With H.G. Makelim's long history in the industry, AIE is excited to continue to build strong relationships with their valued customers.

AIE brings a team of well seasoned industry professionals that offer engine sales, engineered systems, technical information, on hand service parts, product training, warranty administration, application engineering, and more. A full featured industrial engine distributor, AIE specializes in providing a value added, engineered product in a turnkey package.
